Matt surface is best choice for architect & interior

Matt tiles are ideal for floors and bathrooms and are used to create a more traditional or rustic look. They are also very popular as bathroom floor tiles, and they can be easily combined with gloss wall tiles. Matt tiles are also the ideal choice for living area flooring. Matt finish tiles designs are varied and available in ceramic and vitrified tiles varieties. Matte finish tiles can give a classic yet subtle look to any space. Matt wall tiles allow homeowners to achieve an authentic and contemporary interior. The matt sheen doesn't reflect light as much as tiles with a gloss finish
