THREE WAYS TO ACHIEVE THAT NATURAL IMPACT

Begin with Product

The unique pastel shades of the tiles achieved through the process of hand-working colour and texture result in a range of colourful tones and contemporary pastel finishes. These monochrome tiles have a strong visual impact.

Begin with Pattern

The pastel impact of these tiles comes from the seemingly endless natural pastel variations that we've added to our collection.

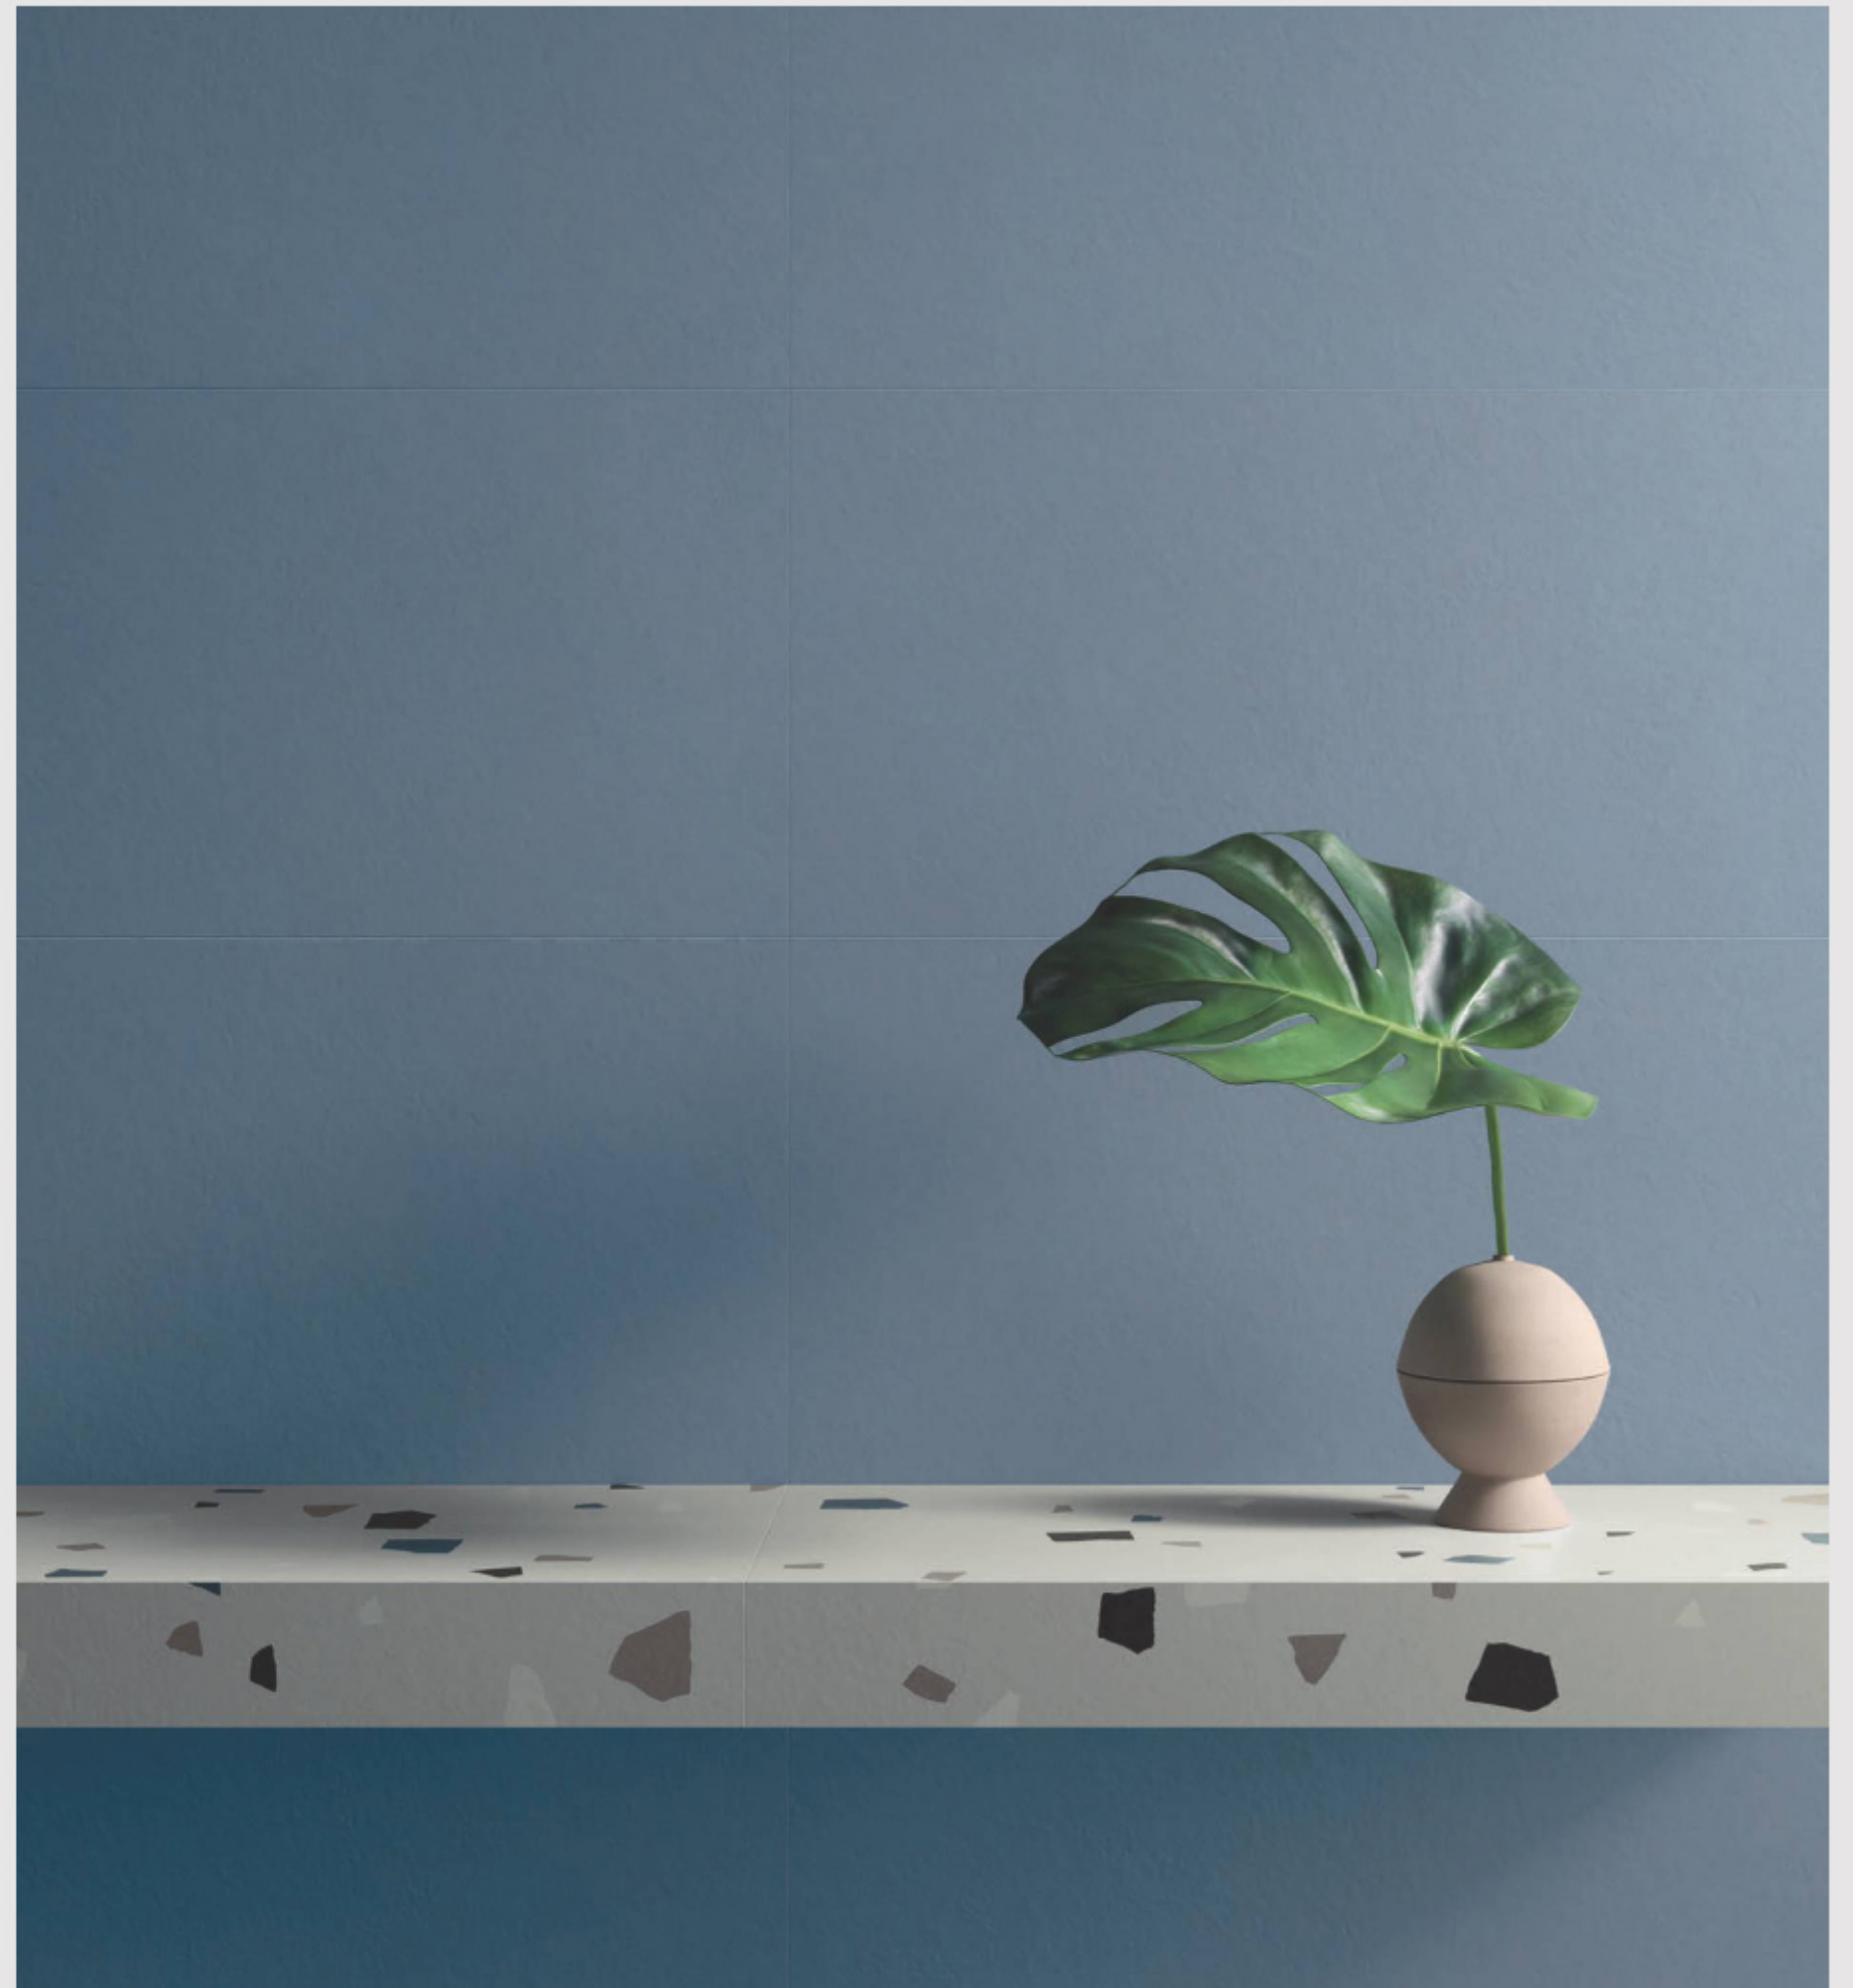

Begin with your Imagination

These tiles allow to beautifully translate every imagination to reality through their contemporary and eye-pleasing appeal.

MAKING AN IMPACT
JUST NOT ON
THE ENVIRONMENT

You can see
how we're revolutionising
our new pastel range.

THREE REASONS TO CHOOSE SEVEN COLORS

01] Embrace Perfect Imperfections

These seven pastel shades highlight the walls and floors of a space with their neutral tones creating a spacious view of a place.

02] Discover Undefined Beauty

This collection of pastel tiles evokes profound emotions while enlisting a sense of comfort to the place.

03] See Colour Differently

The uniqueness of the colours creates a smooth and chic aura with an urban touch that is perfect for the interior of every modern home.
